

FOR IMMEDIATE RELEASE

DXV SpaLet Bidet Toilets Present New Luxury Features for the Contemporary Bathing Sanctuary

AT200 LS Offers Customized Water-Cleansing Functionality, Air-Freshening Performance and Seamless Beauty for a Refreshing, Spa-Like Experience

PALM SPRINGS, CALIF., MODERNISM WEEK (February 15, 2018) — Designed with the self-indulgence and individualized comfort of the user in mind, luxury brand DXV, part of LIXIL, expands its collection of innovative smart toilets with the SpaLet AT200 LS. Combining peerless design and flawless engineering, this elegant fixture offers new, technologically advanced features that transform the daily ritual of visiting the bathroom into a pampering and rejuvenating experience.

DXV SpaLet dual-flush smart toilets provide a variety of completely automated, easily adjustable functions to turn the bathroom into a relaxing, life-enhancing space. Luxury conveniences include hands-free flushing, automated lid opening and closing, and seat heating for the ultimate in bathroom luxury. The state-of-the-art DXV smart toilet delivers the ultimate in performance and efficiency, with its completely adjustable two-nozzle water-spray system with integrated air dryer for a fresh, right-out-of-the-shower feeling.

New features of the SpaLet AT200 LS include two innovative functions for odor control: the Air Shield deodorizer with a replaceable charcoal filter, and Room Refresh, which utilizes pioneering Plasmacluster ion technology to purify the air in the room after use.

Bringing a feeling of spa-inspired luxury to the bathroom, the state-of-the-art SpaLet AT200 LS from DXV offers an unrivalled range of sophisticated features housed in a sleek and stylish fixture ideal for contemporary luxury bathrooms.

- more -

To further improve hygiene, this smart toilet also features a Plasmacluster blue light that sterilizes the air inside the bowl after use, plus the exclusive Hyper Clean surface that prevents scratches and maintains bowl cleanliness. There is also the option of employing a pre-wash function with the nozzles to help to avoid buildup and reduce maintenance, so the fixture stays effortlessly cleaner, longer.

Smartly styled with a full skirted base, the dual-flush SpaLet AT200 LS offers the choice of a light, 0.92 gallons per flush (gpf) or a full 1.32 gpf volume, and is WaterSense-certified.

The DXV SpaLet AT200 LS smart toilet will be available through an [exclusive network of showrooms](#) across North America in April 2018. To learn more, visit dxv.com.
